

That John Crume who owns and operates John's Shoe Repair and Fix-it Shop, has come up with a good idea. He has offered the use of his shop to display products made by the blind in and around the Long Beach area. Under the auspices of the "Workshop for the Blind" organization, it is contemplated displaying a full line of the articles produced by sightless folks. John says it is really amazing what they can do. So far, he has not received an official okay from the officials of the group. But we like the thought behind his generous gesture.

That we never did hear before of a party given in honor of a birthday anniversary, when the honoree was absent. But that's what happened to Haskell Kelley on Wednesday evening. His wife gave a dinner party for fifteen, while he worked. We understand he was home for the ice cream and cake served later in the evening. Happy birthday!

That every grown-up in town will suffer a slight twinge for good old school days when they see the new school bus making its rounds. Complete with every gadget and convenience available there is even a loud speaker so that driver Miles can remind a passenger sitting in the extreme rear of the bus that his corner is reached, without getting up from the driver's seat. This contrivance will come in handy on trips, too, when announcements can be made so that students will hear over a wide area and not stray too far away.

That we experienced some exciting moments last Monday when we were called from our house by Price Siebert, who was working on the lot in back of us. Stretched before us, almost as far as his arms would reach, was a very active snake. We remembered Wesley Dickinson's lecture on how vital they are to maintain the balance in nature, but somehow or other we wished the snake would go far away to keep the balance. The end of the story is that the snake escaped from the tin bucket where it was being housed for safe keeping, and now we're not sure but what we may find it balancing nature right at our front doorstep!

PERSONALS

Mrs. Helen Clement is convalescing from a recent operation in Anaheim hospital at the home of her daughter, Mrs. Hulda Mills in Los Angeles.

November 13 was the date chosen by William D. Irvin and his fiancée, Miss Camille Sandvig of Seattle, Wash., for their wedding which will take place in St. Boniface Catholic church in Anaheim. The bridegroom-elect is the son of Mr. and Mrs. Guy Irvin of 8411 Gay street, Cypress, and is a cook aboard the submarine USS Charr. They plan to build a home on Gay street after Irvin's discharge from the navy. Miss Sandvig is expected to arrive in Cypress about the middle of October and will be the guest of the parents of her fiancée.

The new Dodge of Mr. and Mrs. J. E. Smith, which they purchased last week, was slightly crumpled Sunday when it was involved in a collision at the Los Coyotes diagonal.

Friends of Mrs. Lilly Carpenter, Cypress resident for many years, will be sorry to learn that a shed and its contents, located on the rear of her home of 6071 Darlington avenue, Buena Park, were destroyed by fire the latter part of last week. Loss was estimated at \$300.

Mr. and Mrs. E. E. Goodman, 8742 Cypress avenue, entertained Mr. and Mrs. Clarence E. Jacobs in their home last Monday and Tuesday. The couple, who were wed recently and live in San Francisco, are spending a vacation and belated honeymoon in Los Angeles and vicinity. Goodman and Jacobs served in the same battalion overseas.

Bobby Murdock is spending a few days here with his mother, Mrs. Leona Murdock. Billy, her other son, is recovering from his second siege of major surgery this summer. Both boys expect to return to Tujunga in time for school.

Mr. and Mrs. W. J. McCoid returned from their visit to Kansas on Wednesday.

Dickie Hathcock, eleven-year old son of Mr. and Mrs. R. V. Hathcock, had an appendectomy in Anaheim last week. Dickie has been helping his father in the M & H market this summer, and his friends have missed his cheerful presence. He is feeling better and hopes to be able to start school with the rest of the gang.

Wright's Blows \$1600 Win for Cypress

Some Cypress Merchant softball fans are of the opinion Jimmy Wright should have been married three years ago—he'd be in the major leagues by now.

Tuesday night at Norwalk, just three days after his wedding day, he belted two home runs to bring the National softball league championship to Cypress in its first year of league play.

The victory climaxed a three out of five game play-off with All-American market of Downey. All-American copped the first tilt with a wild 14 to 11 win, then the Merchants settled down to business and took a 6 to 2 contest, and followed with 2 to 0 and 5 to 3 wins.

In the final game Tuesday, Downey garnered two scores in the first inning. The locals trailed until the fourth when Dick Gulman got on and worked his way to third. Wright knew what to do and thrilled Cypress backers with a long, curving home run. That tied the score at 2-2.

Downey managed one more run in the fifth to pull into the lead again. When Cypress took its turn at bat, Gulman came through again with a single, Arbisio walked and Jimmy (Casey) Wright came to bat again.

Second Homer
This time, Wright poled one over the right fielder's head to clear the bases with three runs in, putting the Merchants into a 5 to 3 lead which they never relinquished.

No one player on the Merchant aggregation contributed any more than another to the winning combination. Everybody played well. Pitchers Eddie Arbisio and Wright coddled the All-American batters throughout the contests, but when the chips were down, their support in the field was infallible.

Thrilling 2-0 Win
In the next to the last game, Cypress fans saw one of the tightest games of the series. Both teams went scoreless until the first of the seventh inning. At that point, "Salty" Falls lined a hard grounder out to left field for a safe hit. Pinch-hitter Dick Hathcock made first safely on a "too-hot-to-handle" grounder, then Johnny Borgess socked a double, scoring Falls and Hathcock. That sewed the game up for the locals.

Ferreira's Futile Tries
Probably the saddest man on the team was Frankie Ferreira. Twice during the series, he knocked safe hits at crucial spots to score teammates. The only trouble was, both of them were called back because of technicalities.

Rewards for the championship consist of a trophy for Cypress, and individual baseball watch fobs for each of the players.

M & H Market Opens Addition With Special Celebration Sale

This week-end marks another milestone in the expansion policy of the M & H Market as it celebrates the opening of its new addition of 960 square feet of added display space.

Salesmen representing different companies have been invited to give demonstrations of their products and free samples and special anniversary bargains are being offered throughout the sale which runs through today, Saturday, Sunday and Monday (Labor Day.)

The new space gives M & H a front which is twice as wide as previously. Going 40 feet deep, the addition will make room for a much wider variety of merchandise, and lower prices due to quantity buying by the management. Aisles are much wider throughout the store, giving more room for convenient shopping.

Began 3½ years ago
M & H started under its present management three and one-half years ago. At that time, it occupied only the room that is the center portion of the store now.

In November of 1947 the butcher shop on the west side was purchased from Jones and Gilliam and added to the M & H facilities.

Continuing their plans for expansion, a small opening celebration was held in April of 1948 in recognition of new equipment that had been added. Some of the installations included several new refrigerators, a delicatessen department, the latest type of dairy refrigeration box, and a power meat saw.

M & H has been pleased with the addition of the meat department, since customers who have moved away from Cypress often come back, saying they wish to take advantage of the bargains at the local market.

BAHLIA SHOW OPENS FOR TWO-DAY RUN
Trophies and ribbons will be awarded best entries in the dahlia show which opens September 9. To be held in Santa Ana at the Young Men's Christian Association building, admission will be free to the public.

The show is an annual event sponsored by the Orange county dahlia society, and will be held on Friday and Saturday.

Auxiliary Takes Hamburger Job White Gold Day

The hamburger stand for White Gold Day has become the responsibility of the auxiliary to Post No. 9847 of the Cypress VFW. Members voted at a meeting held last Monday evening to handle the booth as their part of the festival. The organization met a week ahead of schedule since the regular meeting night is also a holiday.

Beth Reisig was elected junior vice president, to replace Margaret Dye who moved to Seattle. Dorothy Smith became banner bearer and Ann Irvin patriotic instructor.

It was voted to remember Mrs. Bea Hahn with a floral offering on Saturday, at which time burial service would occur for her son, whose body was returned from overseas. Mrs. Hahn is a member of the auxiliary.

Mrs. Joe Gwinn Given Shower

A trio of friends entertained for Mrs. Joe Gwinn of Anaheim, formerly of Cypress, on a recent Tuesday evening. The anticipation shower was held in the James McCoy home on Hoffman street with Miss Gayle McCoy, Miss Nancy Allen and Mrs. Beatrice Hoffman as hostesses.

Several games appropriate to the occasion were played. Mrs. Julia Smith, Mrs. Hazel Day and Mrs. Wilma Reynolds were prize winners.

A pink parasol, with streamers leading to gifts for the honoree, was used as part of the decorations. Little pink baby buggies were used as nut cups at the refreshment hour. Cake and hot beverages were served.

Present were Meses. Wilma Reynolds of Long Beach; Lola Booher, mother of the honoree; guest, Margaret Lamar, Julia Smith, Lena Day, and Hazel Day all of Anaheim; Dora Allen, Royena Napier, Patricia Booher, Arvetta McCoy, Margarite Ferguson and Ruby McCoy, of Cypress; Lucy Scott of Buena Park and Margalee Riddle of Stanton.

Sending gifts although not able to attend were Mrs. Betty Kalosky, Mrs. Ruby Wright and Mrs. Bera Gwinn.

Attending the Orange County Council Veterans of Foreign Wars picnic at Sigler park in Westminster last Sunday were Messrs. and Meses. Happy Kreisler, J. E. Smith, Ted Priddy and son, C. J. and Frank Buzzo.

\$1600 Saddles, Fire Loss

A four-hour blaze Saturday afternoon destroyed over \$2000 worth of hay, buildings and saddles at the home of Samuel S. Rosen, 9372 Walker street.

At 1:45 p.m. the Cypress volunteer fire department answered the call and was still fighting the smoldering hay at supper-time.

Destroyed in the conflagration were 18 tons of Rosen's hay, two buildings and \$1600 worth of Chuck Brown's fancy riding saddles, which Rosen stored for him. The loss on the buildings was estimated at \$654.

Of Rosen's valuable livestock, among which was a one-week-old Palomino colt, nothing was lost. Origin of the fire was undetermined. Insurance covered the entire loss.

More Information on Cypress Elementary Opening Disclosed; Reveal Pupils' Room Numbers

Schedules and buildings are practically in order for the fall term of school which begins Monday, September 12. The staff of teachers is complete and a new school bus will eliminate some of the transportation problems.

To be known as Bus No. 2, the 92-passenger vehicle was delivered Monday and will be driven by veteran driver Rollin Miles, who has been employed for about seventeen years. Townsfolk and board members enjoyed a ride over the school district to break it in. Provisions made to house the bus proved inadequate and no storage space large enough could be found in the district. The bus is being cared for temporarily on the grounds and will be housed as soon as possible with the building of a garage. Price Siebert will drive the old bus, to be known as No. 1.

Kindergarten through the third grade will be on double session. Due to the fact that the district now has two buses, children in the first, second and third grades will be divided alphabetically except in cases where the child's health necessitates an adjustment, or for other legitimate reasons.

All classes in the fourth, fifth, sixth, seventh and eighth grades will have a single session from nine to three o'clock. Classes will run a full day on Monday, September 12, and lunch will be served for the fourth through the eighth grade students. Lunch hour will be the same—11:30 to 12:30. The cost will be 25c per day or \$1.25 per week.

Milk will be served kindergarten children at five cents a bottle per day, or 25c by the week, and also pupils through the third grade, if they want it.

KINDERGARTEN
Children living north of Lincoln ave. and west of Walker st. (including those on the north side of Lincoln and west side of Walker) will attend the morning session beginning at 8:20 a.m. in Mrs. Higgins' Room A, primary building.

All other children, those living south of Lincoln ave. and east of Walker st., will go to the afternoon session which starts at 12:20 p.m. in Miss Kirk's Room A, primary building.

Kindergarten Parents' Tea

All parents of kindergarten age children are invited to the annual Kindergarten Tea to be held in the utility room of the Cypress elementary school September 7 at 2 p.m., according to Miss Elizabeth Dickerson, superintendent.

Kindergarten age children are defined as those who will be five years old before March 1, 1950.

LOS ALAMITOS DANCE IN STREET SATURDAY

American Legion post club rooms in Los Alamitos, located at 3512 Green street, need to be furnished. A street dance, designed to raise funds for that purpose, has been planned for Saturday at Los Alamitos boulevard and Green street at eight p.m.

The auxiliary to the post is in charge of the affair, which is headed by unit president Louise Aguilar.

Anaheim High Lists Schedule For First Days of School Term

Anticipating the largest enrollment in the history of the Anaheim union high school, plans are now complete for the opening of school Monday, September 12, according to Paul H. Demaree, principal and district superintendent.

Registration will be held on Friday, September 9, between the hours of 8:00 a.m. and 4:00 p.m.

All students expecting to attend the Anaheim union high school are asked to report for registration sometime during these hours. Students living in Anaheim are requested, if possible, to come during the morning. Buses for students in the outlying districts will leave the high school at 12:30 p.m. and make the return trip at 4:00 p.m.

The student body officers together with the song and yell leaders will meet on Tuesday evening, September 6, to plan for the opening assembly of school.

Student body officers this year are: president, Dub Helsing; vice pres., Bert Bonar; secy. of records, Carol McDermott; secy. of safety and welfare, Carol Hochuli; secy. of student affairs, Dan Demaree; secy. of boys' athletics, Ronnie Maese; secy. of girls' athletics, Mary Whitney; secy. of the treasury, Duane Bauer.

Song leaders are Carol McDermott, Betty Raley and Jeane Sanders. Rally leaders are Jim Ball, Hel Schmitt and John Cyprien.

All students new to the Anaheim union high school district this year are urged to come to the school on Tuesday, September 6 and Wednesday, September 7 so that their programs may be planned by the vice principals.

Mr. and Mrs. George Weigert with their daughter, Gayle DeAnn and triplet sons, Lyle, Lynn and Larry have returned to their home on St. Ann street after a trip to Indiana where they visited relatives including the parents of Mrs. Weigert, Mr. and Mrs. George Bennett.

School Addition, Park District Mark Advancement In Youth Program

Citizens living in the Cypress area are being made aware of the phenomenal growth in this vicinity through two important issues to come before the public in the next few weeks.

Because of the increase in population, school facilities are again taxed beyond capacity, despite the addition of six new classrooms which were put to use last school year. The presence of youth in the community also calls for a speedier solution to the problem of recreational opportunities.

A petition to the county to form a park district is the result of careful study and consideration by members of the Recreation Park, Inc. board.

Celebration October 8

Three years ago plans were laid to provide a playground for children and land was purchased to be used for a park. In order to raise funds for the venture, the first "White Gold Day" was inaugurated. As the title implies "White gold," or milk, honors the dairy industry and indicates that needs of youth are paramount.

In order to speed completion of the park's facilities, the board has petitioned the county to form a park district. A hearing on the proposed district will be held September 13 by the supervisors. Funds gained from "white gold" celebrations will then be used for immediate improvements on the park site when a district is formed.

Double School Sessions

Preliminary plans have been drawn for eight additional classrooms to the Cypress school system. These will be started immediately following a successful bond election. Saturday, September 17, the school will be open from seven in the morning until seven at night and an election will be held. Residents will be asked to vote \$145,000 in bonds, bringing the total to 5 per cent of the valuation of the school district.

State aid is uncertain, but in November the state will hold an election to vote \$250,000,000 in bonds.

Until such time as additional classrooms are available, double sessions are again necessary in the over-crowded local school.

An artist's drawing of the proposed classrooms, administration and cafeteria building will be photographed in black and white

TWO SMASH-UPS OCCUR NEARBY

Minor injuries were suffered by Ray A. Furlong of Los Alamitos naval air station and his passenger, Daniel A. Moore of Gardena last Friday afternoon. Furlong told officers he was driving west on Katella when his car was struck by a machine driven by Dave Torres of 7391 Westminster Blvd. Torres said his brakes pulled his car over the center line of the highway. The accident occurred on Katella about one quarter mile east of Bloomfield street.

The evening before a switching freight train at the Miller road crossing was struck by driver Harry Paramount, of Cypress. Driving his auto into a boxcar of the train, he escaped with no serious injuries. He was unable to stop the machine.

Other girls signing for the contest were Dorise Bouse, 8371 Gay street; Verda Van Buskirk, 4641 Crescent avenue; Laverne Stanley, 8653 Belmont street and Alta Coffman, 5354 Bishop street. The committee women in charge have announced that any other girls who would like to enter may do so by contacting Mrs. Leslie Brannan, 5692 Lincoln avenue, phone Anaheim 60413 not later than September 7. The entry list will be held open until that date. The number of tickets sold to either the barbecue or on the television set will determine who is queen.

Tentative plans call for the winner to receive a complete fall outfit, with second and third prizes to be \$25 and \$15 merchandise orders. Contestants must be between the ages of 14 through 21.

Punch and cookies were served by Mrs. Della Priddy, chairman; Mrs. Dorothy Beason, Mrs. Myrl Bouse, Mrs. Beth Reisig, and Mrs. Dorothy Smith at the conclusion of the meeting.

NURSERYMAN BOYD'S ILLNESS DIAGNOSED

T. J. Boyd, one of the victims of the "mystery disease" which recently baffled health authorities in this area, has been advised by his physician that he is suffering from a serious heart ailment and must retire from his nursery business. This is made necessary due to the fact that he may no longer lift heavy objects without the threat of serious consequences.

Boyd has his drive-in nursery advertised for sale, but in the meantime is carrying on with the help of his wife. He has been active in Cypress affairs and made many improvements on his property which has served to make it more attractive and enabled him to give better service.

Mr. and Mrs. Darrell Carden proudly announce the recent arrival of a grandson, John Charles Harvey, who is the son of Mr. and Mrs. "Tiny" Harvey of East Los Angeles. He was born in the Methodist hospital in Los Angeles.

Gregg's Market Has Opening For New Addition

Gregg's super market, at 5941 Lincoln avenue, announces the expansion of its store building.

The room to the west of their store which was formerly occupied, has been annexed to their market.

Mr. and Mrs. M. R. Gregg, owners and operators, opened in the present location the latter part of January. The need for additional display space for stock indicates the rapid growth in their business.

A drawing will be held at six o'clock Saturday evening at which time three prizes will be given away.

The added room has already made possible expansion of the variety of merchandise due to the extra shelf space and display stands.

CASH MERCANTILE HAS ANNIVERSARY SALE ON NORWALK BLVD.

Growth of business at the Cash Mercantile store in Hawaiian Gardens has resulted in the addition of another building on the premises. Joe Anderson, familiarly known as "Pop," has recently expanded into the second store space which adjoins his original building. The new addition is completely inclosed and the floor is cemented throughout.

The improvements were made in time for the announcement of "Joe's" third anniversary sale, and the advertisement for which appears elsewhere in this edition. The store is located at 21915 South Norwalk, and the stock includes shoes, clothing, pottery and furniture.

Mrs. Stanley Martin entertained with a baby shower last evening in her home at 5561 Karen street honoring Mrs. Roena Napier.

LABOR DAY

The big question on this Labor Day is whether a series of disastrous strikes over the fourth-round wage demands can be averted.

Some of these strikes are already in progress, but the greatest concern centers around such key industries as steel, coal and automobile production. A prolonged tieup in any one of these would have almost the same effect as if all three were struck, and that effect would be to put a severe cramp in the Nation's general welfare.

Industrial statesmanship—or the lack of it—on the part of both labor leaders and business chiefs will largely determine whether the wheels of production are kept turning or whether they come to a halt. Labor has made great gains in wages and working conditions over the years, but attempts to force through further advantages at public expense will probably fall far short of their objective.

Perhaps the greatest need of labor on this, its annual holiday, is to re-examine the quality of its leadership, and to weed out those union bosses who seek primarily to promote their own prestige and power.

There are enough sincere and able men within the ranks of labor to make it unnecessary to rely upon some of the key men who now guide—or misguide—the labor destinies.

BACK TO SCHOOL

Don't look now, kids, but there isn't much left to your summer vacation. And one of these mornings you're going to wake up with a ringing in your ears. Yes, it will be the school bell.

We suspect, however, that this dark outlook for the small fry is not shared by their parents. Most mothers look forward to the re-opening of school with great expectations—of getting some rest. Even the youngsters won't mind things so much once they get over the initial shock of getting back to the classroom routine. So, maybe things aren't so bad after all.

On the more serious side, the new school term serves to re-emphasize the problems attending the education of our children. We are only too familiar with the lack of adequate school facilities and the shortage of qualified teachers. We are also aware that the need of proper education is growing constantly.

The children of today will face an even greater challenge in their adulthood than we do now. They must be given the tools to meet that challenge. The value of democracy itself and in contrast with totalitarian systems must be made clear to them. They must be shown the fallacy of economic cure-alls and panaceas, the dangers of the something-for-nothing philosophy and the demoralization that goes, and grows, with the tendency to let an all-powerful government try to solve all problems from the cradle to the grave.

This is a big task for the school, but is not the school's alone. It is a task in which every parent—every citizen—must share, for only in this way can we build soundly for the future of America.

THE WELFARE STATE

I RISE TO REMARK

by John Phillips

A little memorandum, from California, contains a startling bit of news. It says that the Senate Interim Committee on Employment Stabilization, (of which State Senator Fred Kraft of San Diego is chairman) has put out a report that of the \$146,000,000 paid for unemployment claims in the year 1948, it has reason to believe \$30,000,000 was paid on fraudulent claims. It estimates that a unemployment claims for 1949 will amount to \$276,000,000.

Read that again. Over 20% of the claims for unemployment benefits in California were fraudulent claims. As I understand that word, they were dishonest.

Former Greats

Perhaps what should surprise us is the fact that we are surprised by such a statement. This is what has happened in every government which has permitted the welfare state to develop, from Rome or Greece to England, and now to the United States. There is something about government aid, and government help, and paternalism, which breaks down morale. Rome was the greatest nation in the world; who would call Italy great today? England was sturdy and independent and self-reliant; her navy ruled the seas, and the sun never set on her possessions; today she cannot rule herself, and depends on the United States to keep her from slipping into the abyss of communism.

The Germans were proud and strong and self-reliant, and today they are beggars in the international market-place. You can list the nations, one after the other. As the welfare state advanced, morale weakened, eventually the nation fell, and its greatness and strength passed quietly into the shadows of history.

Travelogue

by James C. Duncan

On the sixth day out of Bombay, we entered the Red Sea. On both sides we could see land. On our right was the coastline of Arabia and on our left was the rugged mountainous coastline of Africa.

The water was a very deep blue and very calm. Above us it seemed that the sun had turned on all its jets as it was uncomfortably warm. In fact, it wasn't warm, it was darn hot. It was 120 degrees in the shade and not a bit of shade. Every movement was an effort and our clothes were wringing wet with perspiration.

During the four days it took to travel from one end of the sea to the other, we performed our various jobs which were getting very monotonous. In our spare time, we took innumerable showers and lounged around.

Often, in the late afternoon, Lenny and I would go up to the bow where we could get a little breeze. We often would see porpoises playing about the ship. They would suddenly appear in front of the ship swimming about three or four feet ahead of the bow leaping out of the water every now and then to take a breath of air. They never seemed to move a fin or muscle while they swim. After playing that way for awhile, they would suddenly veer off to both sides and disappear.

On the morning of the fourth day in the Red Sea land began closing in on us once more. At 12:45 p.m. we arrived in Suez. We unloaded a little cargo and took some on then we prepared to go through the canal.

In order to go through the canal a ship must have a large head light fitted to the bow. It takes approximately ten hours to travel the canal and most of the traveling is done at night. This large light illuminates the canal ahead for some distance thus making it easier for the pilot to see the buoys, markers and the sides of the canal.

Ships going through the canal go through in convoys of about ten ships. This makes it easier to handle them in Port Said and get them docked before the next convoy arrives.

We started through the canal at 1:00 a.m. The next morning we were about a third of the way through. All day we moved slowly and it seemed that we would never get through. Perhaps the most interesting feature about the Suez Canal is that it hasn't any locks like the Panama Canal.

It is like a large river flowing between the Mediterranean Sea and the Red Sea.

It is wide enough for two ships to pass. Along its banks at intervals are white stucco control buildings that control the movement of ships in the canal. Also, along that way are tourist resorts with beaches leading down to the water although I wouldn't be tempted to swim there as we saw a few sharks along the way. Along the banks at the more desolate spots, camels graze here and there on the sparse vegetation. For miles there isn't anything to see except sand dunes, sand and more sand stretching away into a shimmering haze.

We arrived in Port Said at 6:00 p.m. that evening. We docked almost immediately. Since we were sailing at midnight, Lenny and I hurried through our chores and went ashore. The city is a very strange and sinister place at night. At least, that's what it seemed to us as we walked along the dark streets toward town. People hurried by us as if in a great hurry.

In the main part of the city there was more light. Bars, theatres and shops lined the streets. The streets swarmed with sailors of every nationality and natives who kept tugging at us to follow them or to buy something.

We didn't stay very long in town. We started back to the ship early. I certainly didn't care for Port Said. From Port Said we sailed for Alexandria, Egypt.

G. I. INSURANCE

REFUND BLANKS

NOW AVAILABLE

This week is D-Day for 16,000,000 veterans who will share in a \$2.8 billion G. I. insurance dividend to be distributed by Veterans Administration.

Starting this week application forms for the National Service Life Insurance dividend will be available in every post office, VA office and veterans' organization within this country.

In Cypress, forms are available at the VFW club room, 5955 Lincoln avenue, at the corner of Lincoln and Miller road.

The application forms are simple to fill out, but there is a danger that some veterans may be careless in supplying necessary information. Therefore, VA urged all veterans to take a careful, second look at their applications before dropping them in the mail box.

The service serial number (item 4 on the form) is particularly important, VA said. While hundreds of veterans may have the same or similar names, no two have the same serial number designation. Veterans should check the digits in this number with particular care before mailing their forms, VA cautioned.

COUNTY TAXABLE

PROPERTY WORTH 128%

OVER PRE - WAR

Orange county's assessed valuation of taxable property of \$439,154,190 for 1949-50 is an increase of 9 per cent over the \$404,471,800 taxable valuation of property in the county for 1948-49 and of 128 per cent over the pre-war valuation of \$192,370,150 for 1940-41, California Taxpayers' association reported today. Valuation for 1949-50, based on preliminary data reported by the state board of equalization, is subject to adjustment.

CALIFORNIA BUDGET
EXCEEDS FEDERAL
BUDGET OF 1916

California now has one of the country's largest state budgets. As passed by the Legislature and approved by the Governor

it amounts to \$1,035,930,193—a figure exceeding the 1916 expenditures of the federal government by more than \$200,000,000, according to James L. Beebe of the Los Angeles Chamber of Commerce.

Bill Tallant, driver for the R & G Ready-Mix, returned to work Monday morning following his return from Texas, where he was called by the sudden illness and death of his father.

Boys and girls in the junior division of the Faith Tabernacle's church group enjoyed an overnight stay in the mountains Wednesday. Making the trip were Joyce and Joe Huckabee, Shirley Mae France, Beulah J. Chambers, Barbara and Jimmie Palmer, and Charles Ransom. They were accompanied by the Reverend and Mrs. Clarence G. Eigenhuis.

Ginger Rogers, beloved movie star, will lead the great parade featuring the California Centennial celebration at Monterey on Saturday afternoon, Sept. 3. She will also, with Governor Earl Warren as partner, head the grand march at the Centennial Ball that same evening. The noted actress will come from Los Angeles to Monterey for the centennial which will last from Aug. 29 through Sept. 5.

CYPRESS LOCALS

Communicable diseases as reported in Orange county for the two-week period ending August 27 shows the highest number to include mumps, pulmonary tuberculosis, and whooping cough. The total number of poliomyelitis cases to date in 1949 is 23, while a similar period in 1948 showed 26.

Mrs. Emma Kantola and her grandson, Dickie Prowse, returned Sunday following a two months' visit in Kirkland, Wash-

ington. The trip was made on the train.

Mr. and Mrs. Rollin Miles returned Sunday from a several weeks' stay this summer in Cambria Pines.

"Barney" Barnhart tried to spend some of his vacation days away from home, but after a couple of days of heat and poor fishing, the thoughts of his comfortable apartment and the more ideal weather conditions headed him back to Cypress.

Miss Frances Holmes, 5832 Orange avenue, left this week to visit her friends, Mr. and Mrs. Joseph Badger, in Sebastopol.

Mrs. S. W. Robison underwent a serious operation in Anaheim Tuesday on her eye. She is resting at home, and Mrs. Shirley Jordan has been assisting in the Robison's Notions and Dry Goods Store during her absence.

Mrs. W. B. Cleek was called home to Slaughter, Kentucky, by the serious illness of her mother, Mrs. T. T. Link. Making the trip by auto in the company of her sister, Mrs. R. H. Farquhar and brother, U. T. Link, both of Torrance, the group left Wednesday night.

Mrs. W. C. Miller and her mother, Mrs. George Pike, are enjoying several days stay in their cabin at Descanso, on Imperial highway north of San Diego. "W. C." took them down last week-end, and then returned home.

Mr. and Mrs. Oscar Kelley and two boys will make their future home in Albuquerque, New Mexico. Kelley and his brother, Paul, formerly of Buena Park, have been working there for some time.

THE COPY BOY

THE RADIO CANNOT REPLACE THE NEWSPAPER as a Fly Swatter! NOTHING CAN TAKE THE PLACE OF YOUR HOMETOWN NEWSPAPER IN REPORTING THE COMMUNITY NEWS.

POET'S CORNER — SPECIAL INVITATION

Editor's Note — The News has always welcomed the poetry of the community and been proud to print it. Recently a syndicated poetry column was offered on a weekly basis for a small sum. Feeling that the interest was more in the nature of the work inspired in this community than in the fact of its being mere poetry we decided to stick to our home-town poets.

However, we decided to print one of those submitted by the syndicate authored by R. T. Lynhart. The poetry by Mr. Lynhart appears on a nation-wide basis and Mr. D. Johns, representing the syndicate suggested that local poets wishing to submit their work for possible publication in a broader field address their work to "Lynnets," Box 216, Hermosa Beach, California. A self-addressed stamped envelope should be enclosed.

TODAY'S WEATHER

Yellow sunset, clear and bright
Warns a blow will sweep the night;
Water drawn by morning sun
Showers back, ere day is done,

Evening red and morning gray
Speeds a journey on its way;
Evening gray and morning red
Threatens rain for you, instead.

Sun dog, whelped at morning's side
Barks at you by eventide
But a dog at close of day
Is a weatherwise O.K.

Heed a rainbow in the morn,
Travel knows, it tries to warn
But a bow shows up at night
For the fisherman's delight.

R. T. Lynhart.

NO CHILDREN WANTED

We want no child with dirty face
To desecrate this handsome place;

To plaster fingerprints on walls,
To scamper noisily through halls—

To cry so lustily when hurt,
To pile the front lawn up with dirt.

No playthings 'round to scratch things up—
No stupid soldiers standing up.

No wagon clutt'ring up the hall
To cause perchance a nasty fall.

No child's gay laughter ringing free
To shock our equanimity.

This hardly for a "home" was meant—
You see, 'tis just a "House for Rent!"
Anna Lillian Singer

NOTE: This was written in view of the coming Labor Day holiday, and the many accidents resultant, and maybe as a warning, too.

SLOW DOWN

Death on the highway — death and sorrow;
Maybe it's your turn tomorrow.
Twisted steel and flesh commingled —
You might be the next one singled.
Sirens screaming, humans teeming,
Death swoops down with red eyes gleaming.
Crimson blood on roadway spattered,
Broken bodies badly battered.
Ride with death, distorted, grinning.
What kind of race are you winning?
Rush on headlong, faster, faster,
Hurry, hurry, to disaster!
Death on the highway? Where's your reason?
Fools! Fools! This is treason
Severing children from their mothers,
Orphaning our sisters, brothers,
Drain eyes dry with too much crying,
Trembling lips are wailing, sighing.
Death on the highway — death destruction.
One more crash, one less obstruction;
Still there's more to fill their places,
More with vapid, vacant faces —
Funsters down the speedway racing,
Drunken drivers interlacing;
Selfish drivers, cruel, foolhardy
Rushing back from bar or party,
Speed along with false elation,
Anything for a thrill, sensation,
Crippling bodies, and bones breaking —
What a pitiful awakening!
If awakening is your sorrow,
Better do the job up thorough.
Death on the highway — no time borrow,
Slow down — be alive tomorrow!

Anna Lillian Singer

Mona Chapman - James Wright Wed In Ceremony at Home of Pastor

Miss Mona Chapman, eldest daughter of Mr. and Mrs. Albert R. Chapman of 6652 Highland avenue, and James Wright of Cypress were married at 6 o'clock on Saturday evening, August 27. The ceremony was performed by Rev. Ernest A. Wright, pastor of the Baptist church, at his home at 6022 Homewood avenue, Buena Park.

They were attended by Carol Dewell of Cypress as maid of honor and Richard Gulman of Norwalk as best man.

The bride wore a pink suit with white accessories, and an orchid corsage.

Following dinner for four at a Garden Grove cafe, the new Mr. and Mrs. Wright returned to the Chapman home where a wedding reception attended by thirty relatives of both, was held.

The beautiful wedding cake was served with punch and coffee, after the bridal pair had cut and shared the first slice in the traditional manner. Mrs. Neil Anderson of Pasadena, an aunt of the bride, presided at the table.

The bride is a graduate of Grand Ave. school, Buena Park, Fullerton high school in 1945 and junior college in the class of '47. She is now employed by the telephone company.

Her husband attended Cypress elementary school, Anaheim high school and Fullerton junior college and is now employed by the Fullerton Manufacturing Co. He has served three years in the U. S. Navy. He is the son of Mr. and Mrs. Roy Wright of Cypress.

To baseball fans he is well known as the pitcher for the Cypress team and also a member of the Buena Park Wolves.

Mr. and Mrs. Wright are staying temporarily in an apartment in Anaheim, but will soon reside in a duplex on Eleventh street, Buena Park.

Uncle Sam Says

If it's money worries that make you act peculiar, like on the day before pay day when your pockets are empty, here's YOUR OPPORTUNITY to get on the sunny side of life. Save the simple, trouble-free way—with U. S. Savings Bonds. Automatic savings through the Payroll Savings Plan where you work, or, if self-employed, the Bond-a-Month Plan where you bank, is a sure cure for the between pay day "heebie-jeebies." And—your money GROWS—\$4 for every \$3 you invest, in ten short years. U. S. Treasury Department

CUCAMONGA GRAPE FESTIVAL

Western and Spanish costumes worn to celebrate harvest from vineyards, one of which is the world's largest—5000 acres. Kids join in a coaster derby, using vehicles made, not of soap boxes, but of grape boxes. Also pie eating and bubble gum chewing contest for kids. Legend has it that a treasure of gold was buried somewhere in the area by a Mexican grape grower, when he heard the Americans were coming.

QUARTER HORSES RACE SUNDAY AT VESSEL RANCH

Fans will see some of the fastest sprinters in the quarter horse racing field leaving the starting gates Sunday afternoon at the Frank Vessel ranch east of Los Alamitos on Katella road. Entries are from half a dozen western states including Arizona, Colorado, Texas, Nevada, Washington, Oregon and California.

Other equestrian events will be held to provide a full program of entertainment during the afternoon.

"CYPRESS DAY" AT LOS ANGELES FAIR

Because Friday, September 16, has been declared "Cypress Day" at the Los Angeles county fair at Pomona, the Cypress elementary school will be closed that day, says Miss Elizabeth Dickerson, superintendent.

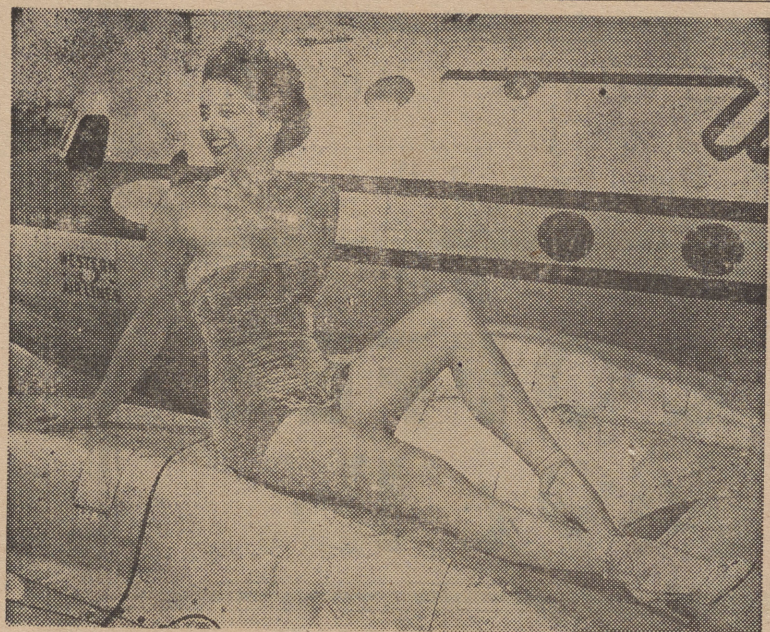

Free tickets will be distributed in the classes to all children who wish them. Due to the fact that children 12 and over are not tax exempt, they will have to purchase a ten cent tax ticket upon arrival at the main gate of the fairgrounds.

Riedel and Moore Return From Aerial Tour

Dick Riedel and V. (Tex) Moore, local flying enthusiasts returned last week from an aerial jaunt that took them over most of the midwest and covered several thousands of miles. Flying Moore's Cessna 170, the two men flew to Riedel's home town of Austin, Minnesota, where the famous endurance record holder made a personal appearance at the fair and air show.

From Austin the pair made the hop down to Hot Springs, Arkansas, where Dick's son is being treated for an arthritic condition. After a visit there the return trip was made via Tucson, Arizona.

The condition of the youth at Hot Springs was reported encouraging by his father. The boy seemed more comfortable and a little less stiff than formerly. He was even able to stand alone short periods.

The trip was made in the space of less than a week with gasoline consumption at approximately eight gallons per hour. The exact number of miles traveled if computed by road maps would make the miles per gallon cost of the transportation extremely low, Moore pointed out.

CHRISTIAN SCIENCE SUNDAY TEXT 'MAN'

"There is a spirit in man; and the inspiration of the Almighty giveth them understanding." This declaration from Job will be the Golden Text of the Sunday Lesson-Sermon on "Man" in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston.

The Bible Lesson includes this citation from the Psalms: "O come, let us worship and bow down: let us kneel before the Lord our maker. For he is our God; and we are the people of his pasture, and the sheep of his hand." And from Colossians: "Set your affection on things above, not on things on the earth. . . . When Christ, who is our life, shall appear, then shall ye also appear with him in glory. Mortify therefore your members which are upon the earth; . . . Lie not one to another, seeing that ye have put off the old man with his deeds; And have put on the new man, which is renewed in knowledge after the image of him that created him."

In "Science and Health with Key to the Scriptures" Mary Baker Eddy says, "Jesus taught but one God, one Spirit, who makes man in the image and likeness of Himself,—of Spirit, not of matter; Man reflects infinite Truth, Life, and Love."

Uncle Sam Says

Sitting on top of the world is the spot where most of us would like to be—free from financial worry—sure that our future and the future of those we love is secure. Your government is providing the opportunity to start climbing to that enviable spot—buy U. S. Savings Bonds the automatic way—the Payroll Savings Plan where you work, or, if self-employed, the Bond-a-Month Plan where you bank. The future will take care of itself when you save the safe, sure way. Your seat way up there is reserved the moment you enroll on one of these Savings Bonds Plans. This is YOUR OPPORTUNITY.
